Time schedule

An abstract (approximately 200 words in English) should be received not later than 15 Feb **2019**. Electronic submissions of the abstracts (PDF-files) should be mailed to:

info@ici-belgium.be

- ⌚ Abstract proposal deadline: Feb 15, 2019
- ⌚ Final selection and invitation of participants: March 5, 2019
- ⌚ Receipt of full papers: March 31, 2019

Local Organization Committee

Workshop inquiries to:

CBRNE MPPM'2019

International CBRNE Institute

RISE'2019 CBRNE-MPPM

9 th International Workshop on
Measurement, Prevention, Protection
and Management of CBRNE Risks
01-03 April 2019 – International
CBRNE Institute, Belgium

BEMEKO

The 9th International Workshop on Measurement , prevention, protection and management of CBRNE risks (CBRNE-MPPM-2019) follows the successful 8th IARP-RISE'20 held at the Portuguese Naval Base (BNL) in 2015 and it is aiming to gather high quality original contributions in the CBRNE field and associated CBRNE measurements, prevention, protection and management with the final goal of assessing the most recent developments in this utmost domain of science and technology. The Workshop scope covers a broad spectrum ranging from advanced conceptual and virtual design and methodology, sensors, actuators, instrumentation, and real-time control algorithms to innovative robotics , mobile (ground/aerial/undersea) robotics, personal and collective protection, multilevel rescue operations and management applications. It will contribute to provide a full picture of the state of the art in the area of increasing CBRNE risks. The key words you will use are essential to organize the different sessions for this conference..

Scope and Topics

Measurement of CBRNE –related environmental risks
Environmental CBRNE surveillance
Search and Rescue in CBRNE incidents/accidents)
Medical management of CBRNE agents in indoor targets (teaching facilities,entertainment facilities, hospitality facilities, etc.)
CBRNE ground/aeria/maritimel robotic systems
CBRNE detection sensing systems

Participation

| | Before March 31 | After March 31 |
|--|-----------------|----------------|
| Authors, co-authors | 75€ | 100€ |
| ICI and Associate ICI sponsoring members | 100€ | 150€ |
| Others | 150 € | 200 € |
| Accompanying | 150€ | 200€ |
| Students | 50 €/day | 50 €/day |
| Exhibitors | 100 €/day | 150 €/day |

The fees include the lunches, get together dinner, social events and proceedings

General Chairman
Prof em Yvan Baudoin (ICI/RMA/ER KC)
Dr I. Galatas (CBRN KC)
Program Co-chairs
M.Y.Dubucq (Dir ICI)
M.O.Mattmann (CEO Hotzonesolutions)
Dr Ir Zafar Taqvi (IMEKO TCi (IMEKO TC17)
Prof L.Van Biesen (BEMEKO)

The workshop will be conducted in parallel with CBRNE Measurement and Robotics exhibition/demonstration

HOTZONE SOLUTIONS **POLIMASTER**
Innovating Radiation Detection Technologies Since 1992

UNMANNED AIRCRAFT INTEGRATED SYSTEM FOR RADIOLOGICAL AND CHEMICAL RECONNAISSANCE PM2110

Unmanned Aircraft Integrated System (UAIS) for radiological and/or chemical reconnaissance (RCR) PM2110 is designed for performance of air survey, remote radiological and chemical reconnaissance of the environment, monitoring of territories, objects, various kinds of land and water vehicles to enable security and combat illicit trafficking of nuclear
